Dear Harriet,

On the eve of our departure following over a year's stay at your Centre, we wish to take this opportunity to thank you and your staff for the excellent services which have been rendered to us during our stay

Apart from being ideally located and furnished to a very high standard, what makes the Centre a great place to work from is the professionalism, efficiency and friendliness that you and your team have demonstrated in supporting our company's operations and making our stay a pleasant one. I would have no hesitation in recommending your Centre to anyone.

We wish you and your staff all the very best for the future.

Sincerely,
